We Embrace Our Children

Security Upgrade Project

A Safe Environment

The Hebrew Academy's mission is to present students with a program of quality teaching that combines the best of an outstanding secular education with an exceptional traditional Judaic education.

While the Academy's need for scholarship and general support funding is still our main concern, the need to enhance and upgrade our security system is of prime importance. Please help us maintain the safest possible environment for our precious children.

Supporting Our Needs

After meeting with security experts, the Board of Directors has determined that we must raise \$500,000 to accomplish the required security upgrades. Our plans call for building a perimeter security wall around our campus with electronic safety enhancements and more guards to protect the children. This is an immediate need!

Embrace Our Children With Love & Security

As the world changes around us, our Academy continues to grow and change too. That's why our need for a safe and secure environment in which to educate our students has become a priority. We ask you to help us achieve our goal in completing the Academy's **Security Upgrade Project** by sponsoring a portion of the campus perimeter wall. Your generous gift will be the foundation of a safe and secure future for all our children. Thank you.

We Appeal To You

We urge you to consider dedicating sections of the wall in honor of your children, grandchildren, relatives or friends. We appeal to you to participate in this vital project. With your support, we can continue to provide a secure learning environment for our students this year and in the years to come.

Special Recognition

A plaque inscribed with the names of the contributors of \$2,500 or more will be displayed in a prominent place on our campus.
